ADAM DAVIS '16

BaylorWorks: The Group Real Estate Brokerage internship, Summer '19

Education: University of Tennessee, Business Administration and Marketing Major, graduation May '20

How did Baylor and/or Baylor Works prepare you for your professional goals?

"Baylor enabled me to think critically about issues that face our community as a whole. As tensions rise over America I reflect on my time at Baylor and am appreciative of the exposure to various cultures and ethnicities which expanded my knowledge of the world thus allowing me to be more empathetic to the plights of others."

MICHAEL THOMPSON '14

BaylorWorks: Legal Intern, Patrick, Beard, Schulman & Jacoway, PC, Summer '18

Education: B.A. Economics, University of Georgia Terry College of Business

Current: J.D. Candidate, Harvard Law School

Proudest Accomplishment as an Intern: "I was able to participate in a settlement mediation where legal and evidentiary research I did was used to negotiate. I was given the opportunity to personally present my findings to our client and the mediator.

I am currently in my second year at Harvard Law School. This past summer I worked for the United States Attorney's Office for the Northern District of Georgia assisting with federal criminal prosecution."

How did Baylor and/or Baylor Works prepare you for your professional goals?

"My interest in the law began at Baylor when I took Mr. Huckabay's Introduction to Law elective my senior year. I would not be where I am without the teachers at Baylor who instilled in me a desire to learn. However, I more often compare Harvard Law School not to my classes at Baylor, but to my time on the Baylor football team where I was taught hard work and perseverance. My law school "cold calls" are far less intimidating than getting called on in the Baylor film room when I missed a block or jumped offside.

My time at PBSJ provided me the opportunity to see what the prac-

tice of law looked like on a daily basis. My supervisors, including Jonathan Guthrie '92, gave me the chance to observe arguments in court, to analyze evidence for ongoing matters, and to create legal documents including subpoenas and motions. I felt valued and well utilized at PBSJ and am grateful that Baylor gave me the opportunity to work for them."
